

October 2023

We are praising the LORD for all He has done since our last update! God is on the move and so is Seeds of Grace Transport. The transition to a semi tractor and trailer was extensive, but God helped us every step of the way.possible.

Praises:

- ~Additions to the SOGT fleet
- ~God's Word continuing to go forth
- ~God's continued provision
- ~All of our ministry supporters and prayer partners
- ~KMR, Kirk's Mobile Repair, providing the maintenance for our truck and trailers
- ~Our newest supporter, Decatur Baptist Church

Samson the Semi & Company

As the need for Scripture grows, so does the transportation of it. The Lord has graciously allowed us to add a semi and TWO pup trailers to the SOGT fleet. One of these trailers has a much needed lift gate. This trailer was provided by Grace Baptist Church of Lee's Summit and Decatur Baptist Church.

More Signatures = More Scripture

With the additions to the SOGT fleet, we have been able to transport record numbers of Scripture and Signatures.

Shipments

Since our last update, we have had the opportunity to send 4 shipments containing nearly 6 million pieces of Scripture, Gospel booklets, and Gospel tracts into Mexico. This scripture is being distributed in multiple Mexican States, Guatemala, El Salvador, and Honduras.

Prayer Requests:

- ~Scripture donations for the two remaining shipments this year
- ~Whole Bibles
- ~The hands of those distributing the Word and the hearts of those receiving it
- ~God's continued direction, protection, & provision
- ~That the LORD would be glorified in and through this ministry
- ~Mike's double partial knee replacements on November 9th. Please pray for the surgery and his complete recovery.
